May 3- 45-

My dear Cyrus:

Welcome home! your
safe arrival thrilled my heart,
and indeed the loyal hearts
of the entire Eaton clan, with
thanksgiving and pride & we
have waited and hoped
and prayed for that blessed
day and now that you are
here - we are unable to find
words to tell you of our
love and good wishes -

I am slowing away here -
from 6 am until midnight
trying to fashion the foundation
for a new world civilization
based on law & justice and honor -

Time will tell how much we
shall have succeeded -

At any rate I am grateful
to be enlisted as you are
under the banner of freedom.

My dearest love to you dear
boy and to your sweet wife
whom I have not met
but of whom I hear much
that makes me want to
congratulate you upon your
good luck +

Tell your grand - father
that I am trying to keep
the Eaton flag flying here
as near the head of the
procession as my limited
powers will permit.

As ever affectionately
your uncle
Charles
